Summary

I'm seeking a challenging role in a positive and dynamic work environment that values learning and development, and offers opportunities for professional growth.

I have developed a broad range of technical skills and experience, and consistently demonstrate a strong commitment to customer satisfaction and professional development.

Skills:
- Proficient in Next.js, React.js, Tailwindcss, Jest, and Discord.js.
- Experienced in UX testing, course management, and social media management.
- Excellent problem-solving skills with a keen attention to detail.

Experience

👓 Web Developer

egghead.io

Jan 2021 - Dec 2022 (2 years)

- Designed and built landing pages for various frameworks and libraries on egghead.io, specializing in Next.js and React.js.
- Fixed coding issues and implemented testing using Jest, resulting in improved website performance and user experience.
- Managed and maintained a personal website built on Next.js and Tailwindcss, deployed on Vercel.
- Created a course on egghead.io, "Build your First Discord Bot using Discord.js," showcasing expertise in the subject matter.
- Contributed to open-source development by submitting PRs for Next.js Landing Page.
- Developed a strong understanding of React.js and Next.js, and honed skills in frontend development.

👓 Technology Evangelist

egghead.io

Jan 2021 - Dec 2022 (2 years)

- Interviewed and advised developers of varying experience levels on learning paths and egghead.io resources, demonstrating strong communication and interpersonal skills.
- Managed comments on egghead.io, helping developers troubleshoot their issues and promoting customer satisfaction.
- Managed social media accounts on various platforms, including Twitter, Discord, LinkedIn, Instagram, and TikTok, and maintained a positive brand image.

👓 Production Engineer

egghead.io

Jan 2019 - Dec 2022 (4 years)
- Reviewed and identified quality issues in edited lessons for Epic React, ensuring accurate and high-quality content for customers.
- Conducted user experience testing to identify and address issues before launch, updating content assets such as images and code blocks.
- Published instructors' courses, providing support in researching and writing titles based on course content and SEO optimization.
- Conducted extensive research on technology and wrote informative emails to a subscriber base of over 100k subscribers, contributing to high customer engagement.
- Coordinated and managed launch events, produced engaging social media posts, and created high-quality image assets.

Course Management Contractor

egghead.io

Apr 2017 - Dec 2022 (5 years 9 months)
- Updated outdated courses using various frameworks and libraries, such as React, Angular, CSS, HTML, and Node.js, ensuring the most recent and relevant content was available to customers.
- Demonstrated strong problem-solving skills and technical expertise in a wide range of technologies.
